

Sixth Form Leavers Analysis 2016 – University Sept 2016

The Buckingham School has built a solid reputation in sending many students to a wide variety of Universities with 62% of students moving to higher education in 2016. A number of students gained places at the elite Russell Group Institutions following more academic degrees such as English and History whilst others pursued more vocational courses such as Photography, Accountancy and Architecture. The school is sending more students to follow health related course such as Nursing at all levels and Mental Health where job vacancies are at their highest. All students are fully supported through the application process through visits to University fairs and open days, visiting speakers and the support of an experienced UCAS advisor. Below are the universities our students attended last year and the offers they received:
