

Thames Valley Police Press Statement

Friday 15 April 2016, 2:50pm

Thames Valley Police is currently at the scene of an incident in London Road, Buckingham.

Officers were called at 11.51 am today to a report of suspected ordnance being found at The Buckingham School.

The item has since been found to be a plastic replica of an imitation hand grenade which we believe was brought into school by a student. The student has been identified and officers are currently working with the school to establish the circumstances of the incident.

The surrounding area of where the item was found has since been evacuated and officers are currently on scene ensuring the safety of staff and students.

The school would like to reassure all parents that the item does not pose a risk to the students and staff on site.

Officers are currently working with the school to establish the circumstances of the incident.
