2 Introduction

At The Buckingham School, we believe a child centred approach is fundamental to safeguarding and promoting the welfare of every student. A child centred approach means we strive always to keep the child in focus when making decisions about their lives and working in together with them, their families as well as partner agencies. All staff are expected to be vigilant to the needs of our students.

A child is defined as anyone under the age of 18 years old

2.1 This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004; and in line with the following:

- ‘Working Together to Safeguard Children 2018’.
- “Keeping Children Safe in Education”- statutory guidance for schools and further education colleges, Sept 2018
- Buckinghamshire Multi-Agency Information Sharing for Children, Young People & Families – Code of Practice for sharing personal information, March 2015. (Currently under review July 2018).
- Children Missing Education; Statutory Guidance for Local Authorities Sept 2017.
- Statutory Guidance issued under section 29 of the Counter-Terrorism and Security Act 2015.
- Sexual Violence and Sexual Harassment between Children – May 2018.
- The Equality Act 2010,
- The United Nations Convention on the Rights of the Child (UNCRC).

2.2 We believe clear governance and leadership is central to imbedding a safeguarding culture. The Governing Body takes seriously its responsibility under section 175 of the Education Act 2002 (section 157 for Independent schools) to safeguard¹ and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements are in place within our school to identify, assess, and support those children who are suffering harm or whose welfare may be in question. Governors will ensure all staff at the school have read and understood their responsibilities pertaining to Part 1, Part 5 and Annex A of Keeping Children Safe in Education Sept 2018 and have an auditable system in place to evidence this. In addition, all staff are required to read and adhere to the Staff Code of Conduct, which governs behaviours expected of them as well as having an understanding of the Behavioural Policy for children and our Attendance Policy.

¹ Safeguarding (as defined in the Joint Inspector's Safeguarding report is taken to mean "All agencies working with children, young people and their families take all reasonable measures to ensure that the risk of harm to children's welfare are minimised" and "where there are concerns about children and young people's welfare, all agencies take all appropriate actions to address those concerns, working to agree local policies and procedures in full partnership with other agencies"

- 2.3 We recognise all staff² and Governors have a full and active part to play in protecting our pupils from harm and actively promoting their welfare and that the child's welfare is our paramount concern.
- 2.4 All staff believe our school should provide a safe, caring, positive and stimulating environment that promotes the social, physical and moral development of the individual child.
- 2.5 School recognises that as well as threats to the welfare of children from within their families, children may be vulnerable to abuse or exploitation outside their homes and from other children staff will remain vigilant and alert to these potential risks.
- 2.6 The aims of this policy are:
- 2.6.1 To support students' development in ways that will foster security, confidence and resilience, free from discrimination.
 - 2.6.2 To provide an environment in which children and young people feel safe, secure, valued and respected and feel confident that they know how to approach adults if they are in difficulties.
 - 2.6.3 To ensure all teaching and non-teaching staff, are aware of the need to safeguard and promote the wellbeing of children. Identifying the need for support early to promote well-being and promptly reporting cases of actual or suspected abuse.
 - 2.6.4 To provide a systematic means of monitoring children known or thought to be at risk of harm and ensure we, the school, contribute to assessments of need and support plans for those children.
 - 2.6.5 To acknowledge the need for effective and appropriate communication ensuring staff know how and when to share information to protect children in a way that is legal and ethical.
 - 2.6.6 To ensure our school has a clear system for communicating concerns and a model for open communication between children, teachers, parents and other adults working with children.
 - 2.6.7 To underpin a structured procedure within the school, which will be followed by all members of the school community in cases of suspected abuse.
 - 2.6.8 To ensure the school have robust systems in place, which accurately records safeguarding, and child protection concerns, which are clearly understood by staff and adhered to. Actions taken to address concerns and outcome achieved are clearly and accurately recorded and these records are appropriately stored.
 - 2.6.9 To develop effective working relationships, guided by the Threshold document, with all other agencies involved in safeguarding and promoting the needs of children at our school.
 - 2.6.10 To ensure that all staff appointed within our school, have been through the safer recruitment process and understand the principles of safer working practices as set

² "Staff" covers ALL adult staff on site, including temporary, supply and ancillary staff, and volunteers working with children

out in our Staff Code of Conduct, which stipulates their duty to challenge and report where behaviours of colleagues may have stepped outside of agreed safe practices.

2.6.11 To provide clarity to other community users of our facilities with regard to our expectations of how they should maintain a safe environment which supports children's welfare and development.

3 Responsibilities

3.1 All staff understand safeguarding children is **everyone's responsibility**. Any member of staff, volunteer or visitor to the school who receives a disclosure of abuse, an allegation or suspects that abuse may have occurred will report it immediately to our Designated Safeguarding Leads (DSL's) in their absence concerns should be brought to the attention of the most senior member of staff on site. Staff understand if there is an immediate risk of harm then they should call the police or First Response directly and update the DSL at the earliest opportunity. (See Flow chart attached Appendix 2).

- Staff will ensure the child is in a safe place and in receipt of support should this be needed
- Staff will initially make a verbal report to the DSL to alert them to the safeguarding/child protection concern arising
- Staff will then follow this up, making a written report using the school record keeping process
- All concern forms will be completed on the CPOMS electronic system (to be implemented November 2018) If any concerns are evident prior to this, the previous system of pink forms will be used and all forms to be handed in to the student office.
- Staff will ensure the **time and date** of the incident is recorded
- A factual account of the incident including **who** was involved, **what** was said/seen/heard, **where** the incident took place, any preceding information which may have prompted the event
- Staff will sign and date the report giving details of their role within school
- The DSL will record when the report was passed to them and what action was taken alongside any outcomes achieved. DSL staff have access to CPOMS management where actions are logged following the raising of the concern.
- Staff will understand how to make a referral to Early Help if required
- If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.
- The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

3.2 The Governing Body understands and fulfils its safeguarding responsibilities.

It will:

- 3.2.1 Ensure the school Child Protection Policy reflects the unique features of the community it serves and the needs of the students attending its provision. This will be reviewed at least annually.

- 3.3 It will be the duty of the Chair of Governors to liaise with relevant agencies if any allegations are made against the Headteacher. If there are concerns that issues are not being progressed in an expedient manner, staff /student/parents should escalate concerns directly to the Local Authority Designated Officers – Maria Thompson or Johnathan Kempster (LADO Tel; 01296 382 070).

4 Procedures

Our school procedures for safeguarding and protecting children from harm are in line with Buckinghamshire County Council and Buckinghamshire Safeguarding Children Board Child Protection Procedures, “Working Together to Safeguard Children 2018” and “Keeping Children Safe in Education” 2017 and statutory guidance issued under section 29 of the Counter-Terrorism and Security Act 2015

4.1 We will ensure:

- 4.1.1. We have a designated member of the Senior Leadership Team who has undertaken appropriate training for the role, as recommended by BSCB. Our Designated Safeguarding Lead (DSL) will be required to update their training in accordance with the Learning Pathway agreed by the LSCB.
- 4.1.2. We have a member of staff (*Additional/Deputy Safeguarding Lead*) who will act in the DSL’s absence who has also received training for the role of DSL and who will have been briefed in the role. In the absence of an appropriately trained member of staff, the Headteacher will assume this role.

- 4.1.3. All adults (including supply teachers and volunteers) new to our school are made aware of the school's policy and procedures for child protection, the name and contact details of the DSL, their role and responsibilities under Keeping Children Safe in Education 2018 and the booklet "What to do if You're Worried a Child is Being Abused". They will have these explained, as part of their induction into the school.
- 4.1.4. All members of staff are required to attend annual training opportunities arranged or delivered by the DSL, in order to develop their understanding of the signs and indicators of abuse, how to respond to a pupil who discloses abuse and the procedure to be followed to promote a child's welfare. Staff are supported to further develop their understanding as mechanisms are in place to enhance this via team meetings, newsletters and e-mail updates.
- 4.1.5. All parents/carers are made aware of the school's responsibilities with regards to child protection procedures through this Policy, which is available on our website. Hard copies are also available from the school office. Further reference is made to this in our prospectus/brochure and in our home school agreement
- 4.1.6 Through our Attendance Policy, we have in place a robust system for monitoring attendance and will act to address absenteeism with parents and pupils promptly to effect change and identify any safeguarding issues arising.

All children attending our school are required to have a minimum of two identified emergency contact, this is to support prompt communication in the event of a serious incident or a child missing from school

- 4.1.7 The School will follow the following procedures on any students who are not registered by 9:00am: (Vulnerable students are targeted first).
- Get registers in promptly
 - Listen to absence calls, read absence emails before 9:00 am
 - Bring together registers, lates and absence calls
 - produce the list of children absent with no explanation
 - Start first day calling for children absent who are regarded as vulnerable and/or without explanation
 - Call everyone on the contact list until you get an answer.
 - Leave messages if there is a voicemail option.
 - Use text message system if required.
 - Call the contacts on the list at least twice
 - If there is no reply from main contact list consider whether any children have additional agency support, such as a social worker, contact them.
 - Use any in school intelligence, does anyone know the family?
 - Make a prompt home visit, if there is no answer refer immediately to children's services / MASH / Police and request a welfare call, if there is concern of an immediate risk.
- 4.1.8 Any pupil absent for ten school days, where it has not been possible to make contact with a parent/carer, will be reported as a Child Missing in Education using the CME Protocol.

- 4.1.9 Any absence of two consecutive school days, without satisfactory explanation, of a pupil currently subject to a child protection plan is immediately referred to their social worker.
- 4.1.9.1 Parents must inform school if there are any changes to where a student will be living. School has a mandatory duty to inform the local authority Via the First Response Team, if a child under the age of 17 years, lives with someone other than their parent, stepparent, aunt, uncle or grandparent for a period of more than 28 days. This is defined as being a private fostering arrangement
- 4.1.10 All staff, parents/carers and children are made aware of the school's escalation process through honest and open communication, consistent training and updates on policy, which can be activated in the event of concerns not being resolved after the first point of contact. We acknowledge an individual's safeguarding responsibility does not end once they have informed the DSL of any concerns, although specific details of further actions may be appropriately withheld by the DSL as information will only be shared on a need to know basis.
- 4.1.11 Our lettings policy reflects the ongoing responsibility the school has for safeguarding those using the site outside of normal school hours, ensuring the suitability of adults working with children on school sites at any time. This includes the purpose of the letting when for religious or political reasons
- 4.1.12 Community users organising activities for children are made aware of and required to demonstrate their understanding of the need for compliance with the school's child protection guidelines and procedures, as part of their use of our facilities.
- 4.1.13 The school operates Safe Recruitment practices including ascertaining the suitability of employed staff and volunteers in regulated activities. Checks will be made through the Disclosure and Barring Service and the National Teachers Council's Prohibition List, as recommended by Buckinghamshire County Council and in line with current legislation.
- 4.1.14 We apply the same level of scrutiny to staff employed via an agency, ensuring their identities, qualification and suitability to work safely with children.
- 4.1.15 Allegations against members of staff are referred to the Local Authority Designated Officer (LADO). There are procedures in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned. The school recognises that this is a legal duty and a failure to refer when the criteria are met is a criminal offence.
- 4.1.16 Disqualification by association legislation is not applicable at The Buckingham School
- 4.1.17 Our procedures are reviewed and updated annually as a minimum.

- 4.1.18 The name of the DSL is clearly displayed around the school in appropriate locations including Reception and the staff room, with a statement explaining the school's role in referring and monitoring cases of suspected abuse. The DSL will be available during school hours and term time to support safeguarding within our school.

5 Prevention

- 5.1.1 We recognise school plays a significant part in the prevention of harm to our student by providing effective lines of communication with trusted adults, supportive friends and an ethos of protection. We include within this the emotional wellbeing of our students and recognise the role school plays in identifying vulnerability and preventing the political indoctrination of pupils either by self-radicalisation or through exposure to extremist views.
- 5.1.2 We are aware of the Prevent Duty to protect young people from radicalisation and extremism. At our school, we view this as a safeguarding matter like any other, these processes will be applied to support children and their families where vulnerabilities are identified, invariably this will require us to work with partner agencies to support and protect the vulnerable student.
- 5.1.3 Concerns regarding the conduct or behaviour of a student, where it is believed they are vulnerable to extremism, will follow the same process of reporting as with any other safeguarding concern. A referral will be made to the First Response Team and passed by them the Channel coordinator.
- 5.1.4 All school staff are required to attend training to support them to identify a range of safeguarding and child protection matters, helping them to recognise and respond appropriately should concerns arise, supporting them to act on or escalate concerns.
- 5.1.5 Whilst a central part of our work with students is to support them to stay safe whilst on-line, we also have in place appropriate web filtering systems so that young people cannot view potentially extreme material, which we also monitor.
- 5.1.6 We recognise some students because of their life experiences or additional needs including SEN, may be disproportionately affected by the behaviours of their peers or vulnerable to the influence of others. We will work in partnership with colleagues in other agencies to promote the wellbeing of this cohort of students.
- 5.2 The school community will therefore:
- 5.2.1. Establish and maintain a safeguarding ethos, which is understood by all staff, enabling students to feel secure. Ensuring all students know there are staff in the school whom they can approach if they are worried or in difficulty. Encouraging students to share their worries, knowing that they will be listened to.

- 5.2.2. Receive focused annual training to support learning and understanding of the changing landscape of safeguarding which is underpinned by legislation and includes issues such as FGM, themes of exploitation and management of sexual violence and sexual harassment.
- 5.2.3. Understand safeguarding and protection of students has to be view within the context of the students lived experience and the factors around him/her, which may impact on this; friends, family school and their community.
- 5.2.4. Provide, across the curriculum, opportunities, which equip children with the skills they need to, stay safe from both physical and emotional harm and to know to whom they should turn for help.
- 5.2.5. Ensure staff work effectively with partner agencies to seek advice support and guidance, drawing on multi agency expertise, knowledge and experience to support students at risk of harm including emotional and intellectual harm via social media and use of the internet.
- 5.2.6. Be sensitive and alert to the possibility of the risk some children's behaviours may pose to their peers. Staff will be supported by the DSL to assess and act on concerns highlighted to ensure school remains a safe place to learn.

6 Supporting Children

- 6.1 We recognise the young minds of our students can be vulnerable and may be exploited by others, therefore staff will be alert to the signs of vulnerability and/or susceptibilities to violent extremism, grooming or indoctrination and report concerns via our child protection procedures
- 6.2 We recognise that the school may provide the only stability in the lives of children who have been abused or who are at risk of harm, we therefore take our responsibilities seriously
- 6.3 We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn. Research also tells us that children with special needs are at an increased risk of abuse. Changes in mood, patterns of behaviour, injury and responses to stimulus around them may be wrongly attributable to their disability. Staffs are therefore trained to **question behaviours** and be **professionally curious** about changes noted, all staff are required to be prepared to "think the unthinkable", raise the concern and ensure safeguards are in place. We recognise children with communication difficulties may be especially vulnerable and for this reason we link behaviour with safeguarding, "listening to behaviours" acknowledging not all children will be able to verbalise what may be troubling them.
- 6.4 Staff understand the need for a culture of vigilance to be present in the school to support safeguarding. This includes awareness and sensitivity to changes in the attitudes of students, which may indicate they are at risk of radicalisation.

6.5 The changing landscape of safeguarding and protecting children from harm requires staff to be aware of children being trafficked both from abroad and locally as part of ongoing exploitation, financial or sexual. Our admissions process will therefore ask for proof of identification and who has parental responsibility for a student – If parents go through County this process will have been initiated by them. We will however ask parents/carers to update contact details and alert us to changes of address or care arrangements within 48 hrs

6.6 Through training, staff are aware that children's behaviours may pose a risk to their peers; behaviours may range from bullying to those, which are sexually abusive. See section 14 on Peer on Peer abuse.

- Peer on Peer Sexual Abuse/Harassment training in line with Part 5 in KCSiE
- Staff are aware of how to report any incidents of peer of peer abuse
- Robust Safeguarding training calendar
- Allegations are thoroughly investigated using appropriate procedures and escalated if necessary
- Educating students on tolerance, respect and how to report abuse through PSHE, tutorial program and assemblies
- Restructuring of Anti-Bullying team in school
- Accurate logging of bullying/discriminatory/racist incidents

6.7 Our school will support all pupils by:

6.7.1. Encouraging the development of self-esteem, resilience and critical thinking in every aspect of school life including through the curriculum.

6.7.2. Promoting a caring, safe and positive environment within the school.

6.7.3. Monitoring all absences from school and promptly addressing concerns about irregular attendance with the parent/carer.

6.7.4. Liaising and working together with all other support services and those agencies involved in the safeguarding of children and using the expertise and resources of colleagues in other service areas to promote the welfare of students.

6.7.5. Ensuring staff work with Prevent Officers and the Channel Panel to support and safeguard if a student is thought to be vulnerable to or espousing radical political ideologies.

6.7.6. Liaising with the parent/carer, GP and/or school nurse to ensure that an appropriate care plan is in place if a pupil has medical needs.

6.7.7. Developing a good working knowledge of the Threshold Document and how it can be used to safeguard and promote the wellbeing of students, informing the notification to Social Care (First Response) as soon as there is a significant concern.

- 6.7.8. Ensuring that a named teacher is designated for Children Looked After and that an up to date list of children who are subject to a Care Order or are accommodated by the County Council is regularly reviewed and updated. We will work with the Virtual Schools Team to support the educational attainment for children looked after at our school.
- 6.7.9. Staff are sensitive to the needs of children who are “looked after”, recognising they are likely to have encountered difficulties and challenges which may mean they are disproportionately affected by the behaviours of their peers, e.g., teasing, bullying or when negotiating relationships.
- 6.7.10. Seeking appropriate advice, support and guidance to enable us to critically evaluate safeguarding information and concerns, and to act on them appropriately.
- 6.7.11. Providing continuing support to a pupil (about whom there have been concerns), who leaves the school by ensuring that such concerns and school medical records are forwarded under confidential cover to the Designated Safeguarding Lead at the pupil’s new school as a matter of urgency/ within the first term.
- 6.8 Our school has a Work Experience Policy and procedures which comply with national and local guidance and which are regularly reviewed and updated.
- 6.9 We are aware of our responsibilities for the safeguarding of pupils who are educated off site or who are in alternative provision and work with Bucks County Council to monitor and review this.
- 6.10 At our school we work hard to understand the impact on children of living in families experiencing difficulties relating to mental ill health and/or substance misuse and/or domestic violence and know that the child/ren might experience abuse or neglect as a result of these difficulties.
- 6.11 The DSL along with the rest of our staff have received training to recognise and respond appropriately should suspicions arise. Ensuring signs and indicators are progressed to inform plans of support.
 - 6.11.1 Pupils are encouraged to seek help and support and are provided with information about how to access this, if they are encountering problems at home or elsewhere.
 - 6.11.2 Whilst we strive to work together with families, staff understand that sharing information with parents may not always be appropriate and ensure that decisions of this nature are made in partnership with Children’s Social Care or the police.

7 Confidentiality

- 7.1 We recognise that all matters relating to child protection are confidential.
- 7.2 The Headteacher or Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff on a need to know basis only. This will be governed by BSCB Information Sharing Protocols.

- 7.3 All staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children.
- 7.4 Staff will not keep duplicate or personal records of child protection concerns. All information will be reported to the Designated Safeguarding Lead and securely stored only in the designated location within the school, separate from the pupil records.
- 7.5 Provision is in place for the information to be accessed, in the absence of the DSL, in an emergency.
- 7.6 All staff are aware they cannot promise a child to keep secrets, which might compromise the child's safety or well-being or that of another. Staff will however reassure the child that information will only be shared with those people who will be able to help them and therefore need to know
- 7.7 We will always undertake to share our intention to refer a child to Social Care (First Response) with their parents /carers, unless to do so could put the child at greater risk of harm or impede a criminal investigation. If in doubt, we will consult with the ESAS or Social Care on this point.
- 7.8 In the event of a child disclosing abuse staff will;
- Listen to the child. Allowing the child to tell what has happen in their own way, and at their own pace. Staff will not interrupt a child who is freely recalling significant events.
 - Remain calm. Be reassuring and supportive but will endeavour to not respond emotionally.
 - Not ask leading questions. Staff are reminded to ask questions only when seeking clarification about something the child may have said. Staff are trained to use TED; Tell, Explain, Describe.
 - Make an accurate record of what they have seen/heard using the schools record keeping processes, recording; times, dates or locations mentioned, using as many words and expressions used by the child as possible Staff will not substitute anatomically correct names for body part names used by the child. Any words which are unclear to the staff member will be spelt phonetically
 - Reassure the child that they did the right thing in telling someone; they will reassure the child that they have not done anything wrong.
 - Staff will explain to the child what will happen next and the need for the information to be shared with the DSL
 - In the unlikely event the DSL and deputy DSL not being available, staff are aware they must ring First Response for advice.

If there is immediate risk of harm to a child Staff will NOT DELAY, and will ring 999

- The child will be monitored/accompanied at all times following a disclosure, until a plan is agreed as to how best they can be safeguarded

8 Supporting Staff

- 8.1 We recognise that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm, may find the situation stressful and upsetting.
- 8.2 We will support such staff by providing an opportunity to talk through their anxieties with the DSL and to seek further support if necessary. This could be provided by the Headteacher or another trusted colleague, Occupational Health, and/or a representative of a professional body or trade union, as appropriate.
- 8.3 In consultation with all staff, we have adopted a Code of Conduct for staff at our school. This forms part of staff induction and is in the staff handbook. We understand that staff should have access to advice on the boundaries of appropriate behaviour in order to define and underpin the safe working practices adhered to within our school.
- 8.4 All staff are required to sign that they have read, understood and agree to comply with the agreed standards of practice set out in the staff Code of Conduct.
- 8.5 We recognise that our DSL(s) should have access to support (as in 8.2 above) and appropriate workshops, courses or Forums as organised by the County Council.

9 Allegations against staff

- 9.1 All school staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in view of other adults. (See also 8.3 above) There should be no 1;1 contact between staff and students which is not “open to the casual observer” Please also refer to the “Personal Safety & the Prevention & Management of Violence in the Workplace for lone worker guidance.
- 9.2 Staff should be aware of the school’s behaviour/discipline policy/Code of Conduct. This can be found on the Google Drive accessible to staff.
- 9.3 We understand that a pupil may make an allegation against a member of staff. If such an allegation is made, the member of staff notified of the allegation will immediately inform the Headteacher or the most senior teacher if the Headteacher is not present.
- 9.4 The Headteacher/senior teacher on all such occasions should immediately discuss the content of the allegation with the Local Authority Designated Officer (LADO). The purpose of an initial discussion is for the LADO and the case manager to consider the nature, content and context of the allegation and agree a course of action.
- 9.5 The Head Teacher/ Senior Teacher will;
 - 9.5.1 Follow all advice given by the LADO throughout the investigation process, including how to manage the staff member or volunteer against whom the allegation is made, as well as supporting other staff and volunteers within the workplace

- 9.5.2 Follow all advice given by the LADO relating to supporting the child or young person making the allegation, as well as other children and young people connected to the organisation
- 9.5.3 Ensure feedback is provided to the LADO about the outcome of any internal investigations within your agency
- 9.6 If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors who will consult the LADO (as in 9.4 above) without notifying the Headteacher first.
- 9.7 The school will follow the County Councils procedures for managing allegations against staff, a copy of which can be found on the Google Drive accessible to staff.
- 9.8 Suspension of the member of staff against whom an allegation has been made needs careful consideration, and we will consult with the LADO (as in 9.4 above) in making this decision, as well as being guided by HR.
- 9.9 If a suspension is made, (as in 9.6 above) restrictions will apply to all staff regarding contact whilst suspended including the use of social media such as Facebook and Twitter, Whatsapp or other forms of social media.
- 9.10 Our lettings agreement for other users requires that the organiser will follow the County Council procedures for managing allegations against staff and, where necessary, the suspension of adults from school premises.

10 Transfer of Risk

- 10.1 Should an individual staff member or volunteer be involved in child protection, other safeguarding procedures or Police investigations in relation to abuse or neglect, they must inform the Head Teacher. In these circumstances, the school will need to assess whether there is any potential for risk of transfer to the workplace and the individual's own work with children or young people.

11 Whistleblowing

- 11.1 We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so. For this reason we have a separated Whistleblowing Policy which can be found on the Google Drive accessible to staff. Staff are required to familiarise themselves with this document during their induction period.
- 11.2 All staff should be aware of their duty to raise concerns about the attitude or actions of colleagues. If necessary, they should speak to the designated 'Whistleblowing' Governor or the Local Authority Designated Officer (LADO). See flowchart attached Appendix 2
- 11.3 A tool to support safeguarding concerns to be reported can be found on our website, which has the Dept. for Education "Report a concern" button.

12 Physical intervention/Positive handling

- 12.1 Our policy on physical intervention/positive handling by staff is set out separately, as part of our Behaviour Policy. It complies with the Department for Education Guidance, 'The Use of Reasonable Force, Advice for Headteachers, Staff and Governing Bodies' July 2013. Use of Reasonable Force, 2013. This policy states that staff may only use 'reasonable force', meaning no more force than is needed, to prevent pupils from hurting themselves or others, from damaging property, or from causing disorder. It is always unlawful to use force as a punishment.
- 12.2 Headteachers and authorised staff can use such force as is reasonable in the circumstances to conduct a search for the following 'prohibited items': knives and weapons, alcohol, illegal drugs, stolen items, cigarettes and tobacco, fireworks, pornographic images, or any article that has been or is likely to be used to commit an offence, cause personal injury or damage property.
- 12.3 If the use of force is necessary, reasonable adjustments for disabled children and children with special educational needs will be made.
- 12.4 Any use of force or restraint will be recorded and signed by a witness. The parent/carer will be informed of the incident.
- 12.5 Staff who are likely to need to use physical intervention must be appropriately trained.
- 12.6 We understand that physical intervention of a nature, which causes injury or unnecessary distress to a child, may be considered under child protection or disciplinary procedures.

13 Anti-Bullying

- 13.1 At our school, we have an agreed definition of bullying which is "*Bullying n. a person who habitually seeks to harm or intimidate those whom they perceive as vulnerable*". Students, staff, parents and carers are supported to understand this definition.
- 13.2 We have an Anti-Bullying Policy and measures in place to prevent and respond to all forms of bullying, which acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.
- 13.3 This policy is available to all staff, parents, carers, and pupils. The policy is written in language that is accessible to pupils and a child-friendly version is made available to all pupils
- 13.4 Staff, pupils and parents are made aware of how mobile technologies are increasingly being used to bully children both in and outside of the school environment. Cyber bullying is therefore referenced within our Anti-Bullying Policy.

14. Peer on Peer Abuse

Allegations of abuse made against other pupils

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.

We also recognise the gendered nature of peer-on-peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators). However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate
- If the allegation is found to be accurate, The school will also conduct a thorough investigation into the incident and sanction in accordance with its behavior policy if there is no further police involvement on going.

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to staff confidentially by the school raising awareness of each DSL and providing safe places for them to talk.
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy.

15 Racist Incidents

- 15.1 Our Equalities and Cohesion policy references how racist incidents will be dealt with and acknowledges the serious nature of these events and their impact on the individual/group of students involved including those who may witness the incident. All incidents will be taken seriously and consideration will be given as to whether a multi-agency approach using child protection procedures is required.

16 Health and Safety

- 16.1 We recognise the importance of safeguarding pupils throughout the school day. Our Health & Safety policy, reflects the consideration we give to the protection of our children both physically within the school environment, in relation to internet use and when away from the school when undertaking school trips and visits.
- 16.2 Part of the safeguarding measures we have in place include the safe dropping off and collection of pupils at the start and end of the school day. We would therefore ask all parents to deliver their children to school site either by car, bus or walking collecting from the same zones identified by the school. Parents are expected to inform us via the student office or by phone or email if there is to be a change in the arrangement of collection for their children.
- 16.3 Pupils who leave the site during the school day do so only with the written permission of a parent /and are collected by an authorised adult where appropriate. School should be notified by the parents regarding whom they have authorised for this task.
- 16.4 Students are welcomed on site and supervised by staff if they attend a breakfast club, and are safely contained whilst on site and can arrive at form rooms safely
- 16.5 Staff who support children during unstructured time such as break and over the lunch period have received training to remain alert to signs of concern or vulnerability, ensuring pupils feel safe. This includes lunch time staff who follow the schools reporting process to alert the DSL of concerns
- 16.6 Our school site is secure. All staff are aware of 'hotspots' in the school where pupils have expressed anxieties or where areas of potential vulnerability may exist. Students are asked of areas they feel safe or unsafe in and colour code areas on a traffic light basis. Staff are then deployed there in social times for break duty.
- 16.7 In the event of a student going missing during the course of the school day we will carry out immediate checks to ensure the student is not on site, staff will then make contact with the student's parents and inform the police

17 E-Safety

17.1 All staff are aware of the school policy on E-Safety, which sets out our expectations relating to:

- Creating a safer online learning environment
- Giving everyone the skills, knowledge and understanding to help children and young people stay safe on line, question the information they are accessing and support the development of critical thinking
- Inspiring safe and responsible use and behaviour of mobile technologies, to combat behaviours on line which may make students vulnerable including sexting
- Use of mobile technology both within school and on school trips/ outings
- Use of camera equipment, including camera phones
- What steps to take if there are concerns and where to go for help
- Staff use of social media as set out in the Staff Code of Conduct.

17.2 Cyber-bullying by children, via texts and emails, will be treated as seriously as any other type of bullying and will be managed through our anti-bullying procedures. This includes sexting and image exchange under threat or use of coercion

17.3 Students, staff and parents are supported to understand the risks posed by the **CONTENT** accessed by students – their **CONDUCT** on line– and who they have **CONTACT** with in the digital world.

17.4 We have a separate mobile phone policy which sets out the acceptable use of mobile technologies by pupils whilst onsite. This includes sanctions, which will be applied when these boundaries are not adhered to.

17.5 Visitors to our school are respectfully requested to turn all mobile devices off. This is a safeguarding measure for our students.

17.6 Staff use of mobile technology whilst on site is set out in the Staff Code of Conduct.

18 Sexting

‘Sexting’, also referred to as ‘youth produced sexual imagery’, is one of a number of ‘risk-taking’ behaviours associated with the use of digital technologies, social media or the internet. It is accepted that young people experiment and challenge boundaries and therefore the risks associated with ‘online’ activity can never be completely eliminated.

18.1 Staff, pupils and parents are supported via training to understand the creation and sharing of sexual imagery, such as photos or videos, of under 18s is illegal. This includes imagery of pupils themselves if they are under the age of 18.

18.2 Any youth produced sexual imagery disclosures will follow the normal safeguarding practices and protocols for our school. We will also use the guidelines for responding to incidents, as set out in the publication ‘Sexting in Schools and Colleges’ produced by the UK Council for Child Internet Safety. This requires us to share reports of sexting with the police.

19 Cultural Issues

As a school, we are aware of the cultural diversity of the community around us and seek to work sensitively to address the unique culture of our students and their families as they relate to safeguarding and child protection. This includes children at risk of harm from abuse linked to a belief in spirit possession on the part of their parent, carer or wider community.

19.1 As a staff team we are aware of the harm to children that can be caused by practices linked to culture, faith and beliefs. We promote awareness through training and access to resources.

19.2 Staff will report concerns about abuse linked to culture, faith and beliefs in the same way as other child protection concerns.

19.3 We support students, via targeted sessions and delivery through our curriculum, to understand that some aspects of cultural or religious practice and beliefs could cause harm and they should turn to someone they trust or an organisation such as ChildLine for help and support.

19.4 We make links with local services, community organisations and faith leaders to provide support and helpful information on what is safe and unsafe practice within the culture/faith, groups of our school community.

19.5 At our school we are aware of a range of practices and belief, which can be classified as honour, based violence, we include within this female genital mutilation, forced marriage and breast ironing. Whilst this may be a part of a long held tradition within communities, we categorise this as child abuse and will act according to our child protection processes to safeguard the pupil concerned.

19.6 If a member of staff discovers that an act of FGM has taken place or a pupil is at risk of FGM:

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'. Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have good reason not to, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out [or discovers that a **pupil age 18 or over** appears to have been

a victim of FGM] must speak to the DSL and follow our local safeguarding procedures.

This will entail immediate contact with the police and a MARF to social care
Mandatory reporting of female genital mutilation: procedural information Department for Education and Home Office

- 19.7 School are aware of the need to respond to concerns relating to forced marriage and understand that it is illegal, a form of child abuse and a breach of children's rights. We recognise some students due to capacity or additional learning needs may not be able to give an informed consent and this will be dealt with under our child protection processes.
- 19.8 We recognise both male and female pupils may be subject to honour based abuse e.g. where young people's cultural background are at odds with their behaviours such as homosexuality, under-age sex, relationships or life style choices.
- 19.9 We promote awareness through training and access to resources, ensuring that the signs and indicators are known and recognised by staff, any suspicions or concerns for forced marriage are reported to the DSL and the Forced Marriage Bureaux as well as First Response.
- 19.10 Staff understand that whilst we try always to work in partnership with families, sharing information with a parent or member of the family is not appropriate in some instances where there may be cultural differences of opinion on abuse. Staff will report concerns to the DSL who will liaise with First Response, the police or the Forced Marriage Unit and follow advice given regarding protective strategies to safeguard the pupil.

20 Retention of Records

- 20.1 When a disclosure of abuse, or an allegation against a member of staff or volunteer, has been made, our school will have a record of this. These records will be maintained in a way that is confidential and secure, in accordance with our Record Keeping Policy and Data Protection Legislation
- 20.2 There is a statutory requirement for our school to pass any child protection records to the student's next school. We are required to have an auditable system in place to evidence we have done so. Any transfer of records will be carried out within the bounds of confidentiality. We are also required to retain a copy of any child protection records we generate until the student reaches the age of 25 yrs. These records will be stored securely.
- 20.3 If an allegation is made against a member of staff, a comprehensive, confidential summary of the allegation will be kept on their personnel file. This record will be kept by the school until normal retirement age of the staff member involved, or 10 years after the allegation if longer. This record will include a clear outcome, including when cases have been investigated and found to be without substance.
- 20.4 For cases in which an allegation has been proven to be false, unsubstantiated or malicious, the allegation will not be included in employer references, even if that person has been the subject of repeated allegations.

- 20.5 In the instance of repeated allegations however our school retains the right in the interest of safeguarding students to retain a record of concern³
- 20.6 We have a system for reviewing our archiving of information held and will only retain information for the agreed time span. All information will thereafter be disposed of via confidential waste management.

21 Use of Photography

We will often use photographs and film to capture achievements, monitor a child development and help promote successes within our school. We like to have a record of all the wonderful activities our students take part in. Via our website, we like to be able to share these events with parents. We are however mindful of the safety of our students

- 21.1 As confirmed in the Data Protection Act, our school will ensure written consent is sought from the parent or carer of any child under the age of 18 *before* any photographs are taken. If consent is given, we will make a clear agreement with the parent or carer as to how the image will be used (*for example, in a school brochure or website*) and how widely (*as part of a schools bulletin for all parents, on the child's individual development record etc.*) Our agreement with parents and students includes how images will be stored, how long they will be stored for and how they will be disposed of.
- 21.2 Due consideration will be given to the appropriateness of clothing and posture, and details such as a child's name or age will not be shared unless integral to the use of the image (*such as the acceptance of an award*) in particular when additional identifiers (i.e. a school or uniform logo) are being shared
- 21.3 We acknowledge the right of parents and students to withhold or withdraw consent at any point in time of the duration the student is at the school.

22 Policy Review

The Governing Body of our school is responsible for ensuring the annual review of this policy, and for reporting back to the Buckinghamshire County Council. The date the next review is due is on the front cover of this policy.

Appendix One

Everyone who works with children has a duty to safeguard and promote their welfare. They should be aware of the signs and indicators of abuse and know what to do and to whom to speak if they become concerned about a child or if a child discloses to them.

The following is intended as a reference for school staff and parents/carers if they become concerned that a child is suffering or likely to suffer significant harm.

The Children Act 1989 defines abuse as when a child is suffering or is likely to suffer 'significant harm'. Harm means ill treatment or the impairment of health or development. Four categories of abuse are identified:

Categories of Abuse

Child abuse is a form of maltreatment. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.

Physical Abuse

A form of abuse, which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional Abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual Abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: a. provide adequate food, clothing and shelter (including exclusion from home or abandonment) b. protect a child from physical and emotional harm or danger c. ensure adequate supervision (including the use of inadequate caregivers) d. ensure access to appropriate medical care or treatment It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Exploitation

Exploitation is a form of child abuse and may take a number of forms

Child Sexual Exploitation

Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or no penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via the internet).

The definition of child sexual exploitation is as follows:

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology

Extremism

Extremism goes beyond terrorism and includes people who target the vulnerable – including the young – by seeking to sow division between communities on the basis of race, faith or denomination; justify discrimination towards women and girls; persuade others that minorities are inferior; or argue against the primacy of democracy and the rule of law in our society. Extremism is defined in the Counter Extremism Strategy 2015 as the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. We also regard calls for the death of members of our armed forces as extremist.

County Lines

As set out in the Serious Violence Strategy (see link below), published by the Home Office, a term used to describe gangs and organised criminal networks involved in exporting illegal drugs into one or more importing areas within the UK, using dedicated mobile phone lines or other form of 'deal line'. They are likely to exploit children and vulnerable adults to move and store the drugs and money, and they will often use coercion, intimidation, violence (including sexual violence) and weapons.

Child Criminal Exploitation

As set out in the Serious Violence Strategy

([https://data15\users\\$\tmcalorum\ESAS\www.gov.uk/government/publications/serious-violence-strategy](https://data15\users$\tmcalorum\ESAS\www.gov.uk/government/publications/serious-violence-strategy)), published by the Home Office, where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18 into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. Child criminal exploitation does not always involve physical contact; it can also occur through the use of technology.

APPEDIX 2

FLOW CHART FOR RAISING SAFEGUARDING CONCERNS ABOUT A CHILD
