

Sixth Form Taster sessions for all courses beginning in September 2020

The Sixth Form taster sessions timetable will run throughout the week beginning Monday 18 May and will be repeated again week beginning Monday 1 June (after half term)

This will give you the opportunity to attend as many taster sessions as you would like, so that you can be fully informed on your subject choices for September. You may want to continue completing the Year 11 grid work on offer from your teachers during these weeks. Some students may continue to revise online; the subjects they want to study in the Sixth Form so that they do not forget a lot of the subject content over the coming months.
