Dear Parent / Carer,

### **GCSE Maths Resources on Padlet.com**

Some of the feedback we have received from parents is that they feel powerless to support their child at home and are not sure how the Maths is taught at School. In addition, students have shared their frustration that the work they had access to in Year 10, for example, disappeared in Year 11. To that end, we have compiled a "Padlet"; an online sharing platform, for both GCSE Foundation and GCSE Higher Maths. The links to these are shared in the poster that was sent along with this letter.

Here you will find the Maths specification, links to other helpful websites, homework, revision by topic, lessons and worksheets for every topic, neatly packed according to our scheme of work and linked to their Personalised Learning Checklist. In addition, there is a section on "Preparing for Exams", with links to revision material, problem solving, video links, past papers and predicted papers.

We are hopeful that you and your child will find this helpful and look forward to your feedback at Parents Evening.

Yours faithfully,

**Mrs J Murray**

Curriculum Leader for Maths
