9th September 2026

Dear Parent / Carer,

School-Approved Calculators

We are pleased to offer school-approved scientific calculators for students to purchase through ParentPay.

The calculator we recommend is the Casio FX-83TCW Plus, which is suitable for use throughout secondary school and meets the requirements for GCSE Mathematics.

Through the school, we are able to offer this calculator at a discounted price of £9.91, compared with the usual retail price of £16.99.

If you would like your child to have a calculator, you can purchase one through ParentMail. Once payment has been made, your child will be able to collect their calculator from our Reprographics office.

We hope that offering the calculators through school provides a convenient way for students to access a suitable calculator at a significantly reduced price.

Thank you for your continued support.

Yours faithfully,

Mrs J Murray
Curriculum Leader, Mathematics
