Changes to Visitor Access Arrangements Reminder - ParentMail of 11 September 2026

Dear Parents and Carers,

Please be reminded of the letter sent on **21st August 2026** . These changes came into effect on **1st September 2026.**

In particular, please be reminded that:

- **The school can no longer accept dropped off items such as forgotten PE Kit, food ingredients or homework** for delivery to students during the school day

The exception to this is that forgotten lunchboxes may be dropped off. These will be held in our Reprographics Office for your child to collect, however, please note it will be up to the student to check if it has been brought in as we do not have the staffing capacity to deliver it to your child or to let them know it has been brought in for them.

We appreciate your continued support and cooperation in following these arrangements.

Kind regards,

The Buckingham School
