

## Arts & culture takeover

## Bucks Bulletin Board

Bucks students have been given free access to InnovateHer's new Cyber Security Course before anyone else. Participants will learn about cyber crimes, how to protect digital spaces and what's required for a career in the field.

BCA – a further education college just outside of Maidenhead – is hosting a taster day on Friday 24th November. Students in Years 10-13 are invited to meet tutors, gain insight into subjects of interest and explore the campus.

To demonstrate its commitment to the Bucks community, Pinewood Studios has launched a scholarship programme for local students who've been offered a place on a National Film and Television School MA course.

## Gourd vibes only

It may be nippy outside, but Bucks Skills Hub is coming in hot with free film screenings, overseas travel and more autumn exhibition openings than you can throw a pumpkin at. Why the sudden obsession with arts and culture, you ask? Creative Careers Week (13th-19th November) is just around the corner, people!

## Careers: Film's behind-the-scenes roles

When it comes to film production, most people are familiar with what directors, cinematographers and costume designers do, but what about the hundreds of other roles? To celebrate the return of Into Film Festival, we're shining a spotlight on just some of the brilliant paths open to cinephiles who are more comfortable behind-the-scenes.

## Meet our sponsors

In March 2024, over 120 employers across a range of industries will gather at Stoke Mandeville Stadium for our annual careers inspiration event, Bucks Skills Show. Allow us to introduce you to nine brilliant businesses that help make the whole thing possible, including HR consultants SYLO.

## University: The benefits of studying abroad

Did you know a whopping 97% of students who study abroad find employment within 12 months of graduation? Find out how the skills you pick up whilst immersed in a different culture can help you stand out in the competitive job market.

“A creative life is an amplified life. It's a bigger life, a happier life, an expanded life, and a hell of a lot more interesting life.”

Elizabeth Gilbert

## Apprenticeships: Exciting UCAS news

The hundreds of thousands of students weighing up the benefits of university and an apprenticeship can now explore their options all in one place, courtesy of UCAS' new apprenticeships service. Wait, there's more! Next year, you'll also be able to apply for apprenticeships directly within the UCAS Hub. Read all about the reasons behind the update [here](#).

### Save the date!

On 6th & 7th February, we're hosting free webinars about the different levels of apprenticeships as part of NAW24.

## Seven unmissable exhibitions

Ready for some cerebral action? Whether you're looking for career inspiration or want to impress interviewers with your industry knowledge, [kick off the season with a culture trip](#) to one of these exciting new exhibitions.

## Empowering local teachers

What do Capgemini, Softcat and Buckinghamshire Healthcare NHS Trust have in common? All three businesses have welcomed local teachers into the workplace to provide an insight into the modern world of work. The experience empowers teachers to talk to students about businesses' recruitment needs, pathways into employment and the skills required to thrive in the workplace. If you know a business that would like to get involved, email [info@bucksskillshub.org](mailto:info@bucksskillshub.org).
