

17th July 2026

Dear Parent / Carer,

Year 8 End of Term Update

As we reach the end of another fantastic academic year, I wanted to take a moment to celebrate the incredible achievements of our Year 8 cohort. It has been an absolute privilege to watch your children grow, learn, and excel over the past ten months. Their hard work, resilience, and positive attitudes have made this a truly memorable year.

Our curriculum was brought to life this year through several brilliant educational visits. The students represented the school impeccably during our trip to the Solar Farm, where they engaged deeply with sustainability and renewable energy. Our STEM enthusiasts had unforgettable experiences exploring cutting-edge engineering and automotive history at both the Silverstone Circuit and the Williams Racing Factory. These trips provided invaluable real-world context to their classroom learning and inspired many future careers.

In school, Year 8 students have truly shone in the creative and physical arts. Our PE Department has reported outstanding dedication, teamwork and success across various sports fixtures and tournaments. Furthermore, the expressive talents of the cohort were on full display during our spectacular school show and the annual dance show. The creativity, confidence, and commitment demonstrated by the students on stage were nothing short of exceptional.

Thank you for your continued support, partnership, and encouragement throughout the year; we could not achieve these successes without you.

We wish you and your family a restful, safe, and fantastic summer holiday, and we look forward to welcoming the students back in September as they take on the exciting challenges of Year 9.

Yours faithfully,

Mr J Wise

Head of Year 8
