

31st March 2023

Dear Parent / Carer,

Enrichment Week 22nd-24th May 2023: STEM & Wellbeing Event

Further to the notification via ParentMail, I am delighted to confirm that your child has been selected to participate in the exciting STEM and Well-Being 3 day event.

Please be informed that all activities for this event will all be onsite, supervised by School staff. Normal break and lunchtime arrangements, as well as school buses, will remain in place. If your child would usually bring a packed lunch, buy from the canteen or receive free school meals, they should continue to do so as normal.

The event will consist of activities run by external providers as set out below:

Monday: The Geo Bus - experiencing interactive 3D sessions on the Atmosphere, Geology, the Planets of our Solar System, Earthquakes and Climate.

Tuesday: Epic Engineers - an all-day onsite work shop delivered by the engineers behind the impressive HS2 Project.

Wednesday: British Red Cross - delivering First Aid training and workshops on Empathy, Migration and Coping with Challenges.

Your child has been added to a Google Classroom for this event, to keep up to date with room and group allocations for each day and to be able to ask questions should they/you need to. Please can you ensure they have accepted the invitation to the Classroom, or manually add them, using code: **bqmym32**

As a reminder, a £3 payment is now due, via ParentMail, as a contribution towards this event. Please can I ask this is paid no later than Friday 5th May, to ensure preparation for the event.

If you have any further questions regarding this event, please do not hesitate to contact me.

Yours faithfully,

Miss C McCullough

STEM & Wellbeing Event Leader
